### SensorTag Application for Android Devices Source and Object Code License Agreement

IMPORTANT – PLEASE CAREFULLY READ THE FOLLOWING LICENSE AGREEMENT, WHICH IS LEGALLY BINDING. AFTER YOU READ IT, YOU WILL BE ASKED WHETHER YOU ACCEPT AND AGREE TO ITS TERMS. DO NOT CLICK “I ACCEPT” UNLESS: (1) YOU WILL USE THE LICENSED MATERIALS FOR YOUR OWN BENEFIT AND PERSONALLY ACCEPT, AGREE TO AND INTEND TO BE BOUND BY THESE TERMS; OR (2) YOU ARE AUTHORIZED TO, AND INTEND TO BE BOUND BY, THESE TERMS ON BEHALF OF YOUR COMPANY .

**Important – Read carefully:** This Source and Object Code Software License Agreement (“**Agreement**”) is a legal agreement between you and Texas Instruments Incorporated (“**TI**”). In this Agreement “you” means you personally if you will exercise the rights granted for your own benefit, but it means your company (or you on behalf of your company) if you will exercise the rights granted for your company’s benefit. The “**Licensed Materials**” subject to this Agreement include the software programs and any associated electronic documentation (in each case, in whole or in part) that accompany this Agreement, are set forth in the applicable software manifest, and you access “on-line”, as well as any updates or upgrades to such software programs and documentation, if any, provided to you at TI’s sole discretion. The Licensed Materials are specifically designed and licensed for use in developing applications to run on the Android platform and be used in connection with semiconductor devices manufactured by or for TI (“**TI Devices**”). By installing, copying or otherwise using the Licensed Materials you agree to abide by the provisions set forth herein. This Agreement is displayed for you to read prior to using the Licensed Materials. If you choose not to accept or agree with these provisions, do not download or install the Licensed Materials.

**Note Regarding Possible Access to Other Licensed Materials:** The Licensed Materials may be bundled with software and associated electronic documentation, if any, licensed under terms other than the terms of this Agreement (in whole or in part, “Other Licensed Materials”), including, for example Open Source Software and/or TI-owned or third party Proprietary Software licensed under such other terms. “**Open Source Software**” means any software licensed under terms requiring that (A) other software (“**Proprietary Software**”) incorporated, combined or distributed with such software or developed using such software: (i) be disclosed or distributed in source code form; or (ii) otherwise be licensed on terms inconsistent with the terms of this Agreement, including but not limited to permitting use of the Proprietary Software on or with devices other than TI Devices, or (B) require the owner of Proprietary Software to license any of its patents to users of the Open Source Software and/or Proprietary Software incorporated, combined or distributed with such Open Source Software or developed using such Open Source Software.

If by accepting this Agreement, you gain access to Other Licensed Materials, they will be listed in the applicable software manifest. Your use of the Other Licensed Materials is subject to the applicable other licensing terms acknowledgements and disclaimers as specified in the applicable software manifest and/or identified or included with the Other Licensed Materials in the software bundle. For clarification, this Agreement does not limit your rights under, or grant you rights that supersede, the terms of any applicable Other Licensed Materials license agreement. If any of the Other Licensed Materials is Open Source Software that has been provided to you in object code only under terms that obligate TI to provide to you, or show you where you can access, the source code versions of such Open Source Software, TI will provide to you, or show you where you can access, such source code if you contact TI at Texas Instruments Incorporated, 12500 TI Boulevard, Mail Station 8638, Dallas, Texas 75243, Attention: Contracts Manager, Embedded Processing. b. Certain Licensed Materials may be based on industry recognized standards or software programs published by industry recognized standards bodies and certain third parties may claim to own patents, copyrights, and other intellectual property rights that cover implementation of those standards. Moreover, you acknowledge that you are responsible for any fees or royalties that may be payable to any third party based on such third party's interests in the Licensed Materials or any intellectual property rights that cover implementation of any industry recognized standard, any software program published by any industry recognized standards bodies or any other proprietary technology.

mark, patent, copyright or other proprietary notice or other identifying marks or designs from any component of the Licensed Materials and you shall reproduce and include in all copies of the Licensed Materials the copyright notice(s) and proprietary legend(s) of TI and its licensors as they appear in the Licensed Materials. TI reserves all rights not specifically granted under this Agreement.

4. **Audit Right.** At TI's request, and within thirty (30) calendar days after receiving written notice, you shall permit an internal or independent auditor selected by TI to have access, no more than twice each calendar year (unless the immediately preceding audit revealed a discrepancy) and during your regular business hours, to all of your equipment, records, and documents as may contain information bearing upon the use of the Licensed Materials. Any software export classification made by TI shall not be construed as a representation or warranty regarding the proper export classification for such software or whether an export license or other documentation is required for the exportation of such software.
10. **Governing Law and Severability; Waiver.** This Agreement will be governed by and interpreted in accordance with the laws of the State of Texas, without reference to conflict of laws principles. If for any reason a court of competent jurisdiction finds any provision of the Agreement to be unenforceable, that provision will be enforced to the maximum extent possible to effectuate the intent of the parties, and the remainder of the Agreement shall continue in full force and effect. Upon receipt of such approvals from the government authorities, you shall forward evidence of all such approvals to TI for its records. In the event that you fail to obtain any such approval or registration, you shall be solely responsible for any and all losses, damages or costs resulting therefrom, and shall indemnify TI for all such losses, damages or costs.
- b. *Governing Language.* This Agreement is written and executed in the English language and shall be authoritative and controlling, whether or not translated into a language other than English to comply with law or for reference purposes. - 14. Entire Agreement.** This is the entire agreement between you and TI and this Agreement supersedes any prior agreement between the parties related to the subject matter of this Agreement. Notwithstanding the foregoing, any signed and effective software license agreement relating to the subject matter hereof and stating expressly that such agreement shall control regardless of any subsequent click-wrap, shrink-wrap or web-wrap, shall supersede the terms of this Agreement. No amendment or modification of this Agreement will be effective unless in writing and signed by a duly authorized representative of TI. You hereby warrant and represent that you have obtained all authorizations and other applicable consents required empowering you to enter into this Agreement.

not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. "Contributor" shall mean Licensor and any individual or Legal Entity

If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.
4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly

negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.
